

HYDRANT USE PERMIT

Water Use Notification

Specific Construction Project: _____

Location of Project/Hydrant: _____

1) All fees shall be paid prior to the meter being released for use.

2) Fees are as follows:

_____ Hydrant Use Permit	\$100.00	Non Refundable
_____ Meter Deposit	\$1500.00	Refundable - Meter will be tested and inspected for damage before being removed from the hydrant. Meter will be chained and must remain on the designated hydrant.
_____ Install & Removal	\$150.00	Non Refundable
_____ Administrative Fee	\$30.00 Monthly	Non Refundable
_____ Water Use	A minimum charge of \$50.00 per month up to 10,000 gallons of water - \$5.00 per 1,000 gallons thereafter. Meter will be read monthly and payments must be paid promptly.	

The following permit is valid from _____ to _____ and may or may not be renewed depending upon other available non-potable water sources. The permit shall only be valid for one (1) specific hydrant location, as indicated on the permit. When an alternate hydrant location is requested, the applicant must resubmit for a new hydrant use permit.

Permits can be closed or pulled by the Town of Gypsum at any time if misuse or tampering occurs, or depending on availability of water.

Unauthorized hydrant use is subject to a \$1000.00 fine and revocation of any and all hydrant use permits.
